

**IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF ILLINOIS
EASTERN DIVISION**

KIMBERLY DOMANTAS,

Plaintiff,

v.

MENARD, INC.,

Defendant.

Case No. 1:21-cv-00232

Honorable Gabriel A. Fuentes

JOINT STATUS REPORT

Pursuant to the Court's May 3, 2024, Minute Entry [Dkt. # 127], the parties jointly submit the following status report confirming the anticipated length of the trial, inclusive of jury selection and presentation of the case:

1. The parties can confirm that only three witnesses are slated to testify by agreement -- the plaintiff, and two Menard post-occurrence witnesses. (The court has yet to rule on whether plaintiff can force Menard to bring two additional untimely-disclosed witnesses to trial).
2. No treating physician is to testify because the parties worked out stipulated testimony of the only treating physician disclosed under 26(a)(2)(c).
3. The defense *may* read less than 15 minutes of the testimony of Dr Doshi, if needed, in its case-in-chief.
4. The parties have some difficulty concluding precisely how long jury instruction will take because they are unfamiliar with this court's procedure but estimate a half-day for selection.
5. So, with opening and closing arguments of less than an hour a piece, the parties anticipate 2-3 days of trial.

Dated: May 3, 2024

Respectfully submitted,

Kimberly Domantas
